SACEDA YOUTH LEAD INTERNATIONAL PROGRAMS 2020

AN INVITATION

Dear Participant,

The need to empower our teachers, professionals and students is of prime importance to SYL Team. As part of our greater commitment to strengthening the Filipino nation and our ASEAN region, SYL would like to offer an Empowerment Program through INTERNATIONAL LEADERSHIP TRAVEL and EXCHANGE.

Our international programs are specially design to evaluate the efforts in education, politics, culture diplomacy and international relations thereby instilling inspiration through personal witnessing of how people lead their lives and how government leaders have created change and brought about developments.

We hope that this event will forge personal relationships that enable lifelong professional opportunities and friendships thereby promoting peace and mutual understanding for the development of the self, family, community, and the nation-the most valuable legacy of Saceda Youth Lead experience.

Thank you very much!

SIPA OBJECTIVES

SIPA gathers professionals and students for an international exchange to become the future leaders . On this trip, they are exposed to various opportunities and experiences for total human development.

SIPA creates a platform for the participants to appreciate and understand the geo-political issues in the ASEAN and Asia Pacific regions by personally witnessing, discussing and exploring local poverty, education, socio-economic, cultural and political issues. This is a bigger effort to train the students to be acutely aware of regional and global affairs and grasp the ramifications and impact on the Philippines and its future. The program aims to ignite the heart and spirit of altruism and volunteerism. The exposure will play a noteworthy role in the personal development of the students.

Purposes:

1. To expose participants to other peoples' culture through leadership and social action;
2. To study common patterns that emerge across all cultures and how these patterns reveal the diversity of human experience.
3. To identify similarities in cultural behaviors, norms etc; and to experience the culture of people through visits, homestay matching,
4. To meet local leaders,
5. To provide enrichment through school and institutional visits;
6. To inspire participants to become agents of personal and societal change
7. To promote peace and mutual understanding through travel and exchange.
